GM Misake Corner: HAM noted that I allowed the "Fur" card to be recycled faster than normal. GM made a mistake with a card holding (wood) and the other commodity card was placed in the recycle pile instead of the "Fur" card. We can't back up the game... so I'll try to be more careful in future. Please contact GM if you think I screwed up.

HAM reduces half his tokens due to "Cold War" (0/2 + 0t). Genoa (Osborne) is NMR and out of the game. GENOA's misery level is "Chaos". There are now only 3 active players in the game, however income generation will continue on the 6-player track as per the rules. GENOA's cards were: "Wood", "Famine", "Revolutionary Uprising" & "Wine", all of which will be recycled at the 3rd Epoch.
